Ed Gurukul

Education for the Real World

Classes in Plano, and Irving / Valley Ranch Locations – coming soon to more locations - Call for details.

*Ed Gurukul - /ed goo-roo kool /
- Educational institute with teachers who are experts in their field!.*

Ed Gurukul is proud to introduce our After School Enrichment Program for children from Kindergarten through the 7th Grade. The After School Enrichment program is not a day care; it enhances the learning beyond regular school hours in a safe, fun, and challenging environment. We focus only on Education.

Enhance your child's educational experience after school so that you can have quality family time.

As a parent, your main desire is to provide the best possible platform for your children to learn. At the Ed Gurukul *Institute*, we ensure not only that your children learns the core material, but material that is beyond their grade level. This is to ensure they will consistently do well in school and beyond. We have a structured curriculum and teaching method that will help your children gain confidence in different subjects and subsequently excel in them. We constantly update our curriculum based on support from various professors and the latest technology and tools. **Our comprehensive curriculum is designed keeping the state requirement in mind.**

The After School Enrichment Program provides a warm and caring environment beyond school hours, where your children have the opportunity to get their homework out of the way. ASEP offers exciting and rigorous activities that **improve academic performance, expand critical thinking skills, and develop computer competence.** ASEP utilizes age-appropriate materials and equipment for students. From the math lab to board games, students spend out-of-school hours in safe and energizing environments. The ASEP will ultimately help children lead healthier, happier, and academically fulfilling lives.

"Nine-tenths of education is encouragement" – Anatole France

TIME MANAGEMENT

The ASEP makes students finish daily school work and learn additional skills. This is important, considering that the initial hours after the end of school are usually not utilized for academic endeavors. Doing the homework immediately after school has the additional benefit of helping children develop good study habits. The best cure to procrastination is prevention, and the ASEP will help children avoid procrastination. Through ASEP, Ed Gurukul is proud to cultivate the future leaders of the world!

Ed Gurukul ASEP does exactly that.

Getting the most from the "GURU"

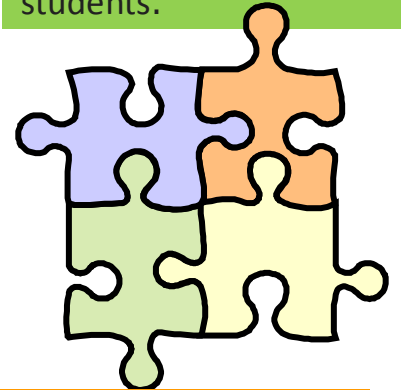

"Concentration + Daily Drill + Structure + Time = Excellence."

— Ed GuruKul.

Proper training and guidance is required to excel in any field. Structured training program helps in getting confidence in the field of interest.

Every student above certain level should teach stipulated number of hours in the class room environment.

"Full Cycle Learning" is a system developed by our Institute to provide the best learning opportunity for the students.

A Semester is for about 5 months and students are tested periodically and progress is measured. After each semester, there will be an exam and then the new semester begins.

Time / Day	MONDAY	TUESDAY	WED. DAY	THURSDAY	FRIDAY
4:00 PM	Yoga Class Gr.5 Math	Yoga Class Gr. K Math Gr. 1 Math	Art Class Gr.2 Math Gr.3 Math Gr.4 Math	Hindi Class Youth leadership Class	Chess Class Grades 1, 2, 3, and 4 Math

Advanced (A)	A to F	6 sub-levels of specialization.
Professional (P)	G to L	6 sub-levels of perfection.

Back to the Community Program:

One of the specialties of Ed GuruKul education is the opportunity to serve the community. One segment of the "Full Cycle Learning" is "Teach" as teaching enforces the learning to a greater extent. Through our institute, we intend to educate students who are unable to learn from any full service institutes. The students for this program will be selected based on several criteria. Our mainstream students can participate by teaching in this program and gain community credits along with certificate of completion.

Acceptance of Terms and Conditions and Waiver of Liability:

While Ed Gurukul, TRISRI Global Inc, BRIGHT RE Group LLC or any of the affiliates will take utmost care and precaution to minimize potential hazards, every student is responsible to take necessary safety measures and use sound judgment to protect herself/himself from injury. Ed Gurukul, TRISRI Global Inc. and BRIGHT RE Group LLC assume no responsibility for accidents that may occur in their premises or in the premises where any special events or arranged by Ed Gurukul Institute.

We have read and understood this waiver of liability and explained to my Son/Daughter about the general safety measures. We have also read all the guidelines and understood the rules and regulations and we understand the decision of the management of the institute is final on all issues and concerns. I understand that EdG ASEP is not a day care program.

I do grant permission to Ed Gurukul to take our Son's/Daughter's picture for publications or announcements; however the name will be not published for privacy.
